Correction for '*In situ* spectroscopic investigations of MoO<sub>x</sub>/Fe<sub>2</sub>O<sub>3</sub> catalysts for the selective oxidation of methanol' by Catherine Brookes *et al.*, *Catal. Sci. Technol.*, 2016, 6, 722–730.

The authors wish to correct Fig. 10 of the manuscript.

Fig. 10 should appear as follows:

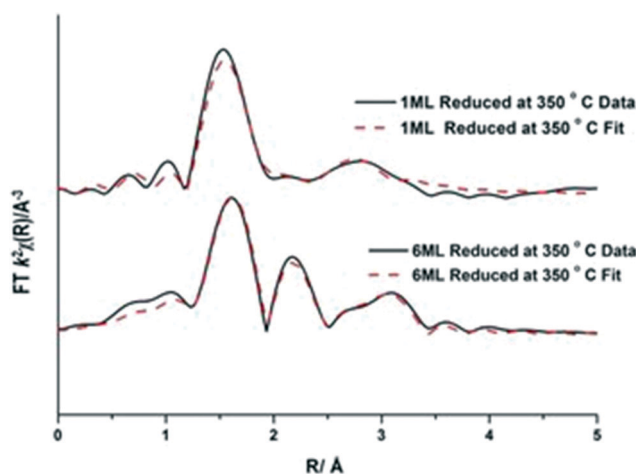

Fig. 10 Magnitude component of the  $k^2$  weighted Fourier transform for the EXAFS data of the 1 and 6 ML MoO<sub>x</sub>/Fe<sub>2</sub>O<sub>3</sub> catalyst reduced (procedure as in Fig. 9), and the associated simulated fit performed in Artemis.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
